Customer No. 01933

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all previous versions, and listings, of the claims in this application.

Listing of Claims:

1. (Currently Amended) ~~[[A]] The frame assembly for at least one object to be displayed, comprising: a frame including a retaining panel and a rear panel, said retaining panel being spaced from at least part of said rear panel to define a space therebetween for receiving an object to be displayed, at least one of said retaining panel and said at least part of said rear panel having a transparent area for viewing said at least one object, said retaining panel having a substantially planar portion and retaining members formed along edges of said retaining panel, and each of said retaining members including an extension portion extending rearward relative to said substantially planar portion and a projecting ridge formed on said extension portion and extending inwardly, part of said rear panel being arranged to fit snugly between said ridges and a rear surface of said retaining panel,~~

~~of claim 45, wherein said retaining member along a first one of said edges extending extends to an adjacent second one of said edges and said retaining member along said second edge being is spaced from said retaining member along said first edge to~~
